## HARBOUR POINTE WALKING PATH & TRAIL SYSTEM

When you live at The Fairview, every day is a good day for a walk. If you're a golfer, just walk out the back door, across the lanai and you're on one of the most scenic courses in the Northwest, with stunning views of Puget Sound.

Laced throughout Harbour Pointe and Mukilteo are miles of wide sidewalk and trails taking you to shops, bistros,

coffee houses and a great library. Some trails meander through beautiful, peaceful neighborhoods, others through woods and even down to the Puget Sound beaches.

Think of the change of pace, the opportunities for exercise, and the healthy life benefits of such a walkable location. Plus, right next door is the Harbour Pointe Restaurant and Wine 101.
